*Note:* Retention is defined as the percent of enrolled students of a fall semester who return for the following fall semester. Example: A student who is enrolled as a new transfer in the Fall Semester 1999 and who was also enrolled as an undergraduate in the Fall Semester 2000 is reflected in the 78.1% continued enrollment figure above. Students admitted to the Graduate College at OSU are counted as graduated. Students admitted to the Center for Veterinary Health Sciences after their third year are also counted as graduated. This table includes Summer 2009 graduates.

In past years, students who enrolled at OSU from other countries for a "study abroad" experience were included in this table. Since these students are only here for one year they have now been excluded from this table. Therefore, the percentages in this table may differ from tables in previous years.
