Oklahoma State University

June 30, 2006
Independent Accountant’s Report on
Applying Certain Agreed-Upon Procedures to
Assist the University in Complying with NCAA Constitution 6.2.3.1

Dr. David J. Schmidly, President
Oklahoma State University
107 Whitehurst Hall
Stillwater, Oklahoma  74078-1015

We have audited the financial statements of Oklahoma State University (the “University”) as of and for the year ended June 30, 2006 and have issued our report thereon dated October 11, 2006. Additionally, we have audited the financial statements of the intercollegiate athletics program of the University as of and for the year ended June 30, 2006 and have issued our report thereon dated October 11, 2006. Financial statements comprising the accounts of the Oklahoma State University Foundation (the “Foundation”) restricted by donors to intercollegiate athletics activities as of and for the year ended June 30, 2006 were audited by other auditors whose report has been furnished to us.

We have performed the procedures enumerated below which were agreed to by the Board of Regents solely to assist the University in assessing compliance with National Collegiate Athletic Association (“NCAA”) Constitution 6.2.3.1 for the year ended June 30, 2006. Management of the University is responsible for compliance with NCAA Constitution 6.2.3.1. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of the procedures is solely the responsibility of those parties specified in this report. Consequently, we make no representations regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

Our procedures and findings are as follows:

Internal Control: Policies and Procedures Related to Intercollegiate Athletics - Agreed-Upon Procedures

We have performed the procedures enumerated below which were agreed to by the Board of Regents solely to assist you in evaluating the internal accounting control and management control procedures of the University in compliance with NCAA Constitution 6.2.3.1. Our procedures included tests of compliance with such internal accounting control and management control procedures in place during the period from July 1, 2005 through June 30, 2006. Our procedures were performed solely to assist you in determining compliance with NCAA Constitution 6.2.3.1. The procedures we performed, and the results of these procedures, are summarized as follows:
1. We obtained an organizational chart of the intercollegiate athletic department (the “Department”) along with the University’s policies and procedures manual. We obtained documentation of accounting systems and procedures. We also made certain inquiries of management regarding control consciousness, competence of personnel, and protection of records and equipment. We noted that expenditures of the Department are subject to University policies, procedures and internal control techniques. We tested those overall techniques, including items selected from the intercollegiate athletic program, to the extent considered necessary for purposes of expressing an opinion on the financial statements of the University and its intercollegiate athletic programs.

2. We toured the football equipment rooms at Boone Pickens Stadium with the equipment manager to determine the controls in place to protect the football equipment. In addition, we observed the inventory records maintained by the equipment manager.

3. In our discussions with Department personnel, we determined that the Department regularly trades tickets for goods or services. In addition, we understand that all Department ticket trades must be approved by the Coordinator of Athletic Gifts.

4. We inquired of the Assistant Athletic Director regarding controls in place to ensure intercollegiate athletics financial aid is awarded in accordance with institutional and NCAA guidelines.

5. We inquired of the Assistant Athletic Director and the Coordinator for Athletic Eligibility regarding the controls in place to ensure that intercollegiate athletics financial aid recipients are academically eligible. We obtained the documentation used to monitor academic progress, including reports filed with the NCAA reporting academic eligibility and student financial assistance and student transcripts.

Affiliated and Outside Organizations – Agreed-Upon Procedures

6. We obtained the University’s procedures for gathering information on the nature and extent of affiliated and outside organizational activity for or on behalf of the Department.

7. In accordance with Department policy, all contributions for or on behalf of the Department are to be channeled through the Foundation, a separate legal entity from the University. Expenditures by the Foundation for or on behalf of the Department are included in the accompanying Statement of Revenues, Expenditures and Other Changes (the “Statement”). We noted one contribution of $165,000,000 was made to OSU Cowboy Golf, Inc. during fiscal year 2006 instead of following normal processing through the Foundation due to timing constraints of the gift receipt.

8. We obtained the audited financial statements of the Foundation and reconciled the revenues and expenditures included in the amounts reported in the Statement. We noted there were no comments concerning internal control structure; therefore no corrective action was taken.

9. We obtained a summary of revenues and expenses for or on behalf of the Department from affiliated and outside organizations.

Athletics Department Statement of Revenues and Expenditures: Agreed-Upon Substantive Procedures

Agreed-Upon Procedures for Revenues

10. We compared tickets sold during the reporting period, complimentary tickets provided during the reporting period and unsold tickets to the related revenue reported by the Department in the Statement and recalculated totals. We noted the Statement exceeded the ticket sales reports by $10,760 or 0.08%.
11. We compared and agreed student fees reported by the Department in the Statement to student enrollments during the reporting period. We obtained and documented an understanding of the institution's methodology for allocating student fees to intercollegiate athletics programs and recalculated totals, noting no differences.

12. We selected two contractual agreements pertaining to revenues derived from guaranteed contests during the reporting period and compared and agreed each selection to the Department's general ledger and the Statement and recalculated totals, noting no differences.

13. We compared each major revenue account for contributors to prior period amounts. We obtained and documented an understanding of any significant variations. We noted that the Department does not budget for contributions. There were no contributions received directly by the Department not included above that constituted ten percent or more of all contributions received by the Department during the reporting period.

14. We obtained the Summary of Revenues (the “Summary”) from affiliated and outside organizations as of the end of the reporting period from the Department. We judgmentally selected three transactions from the Summary and compared and agreed each selection to supporting documentation, the Department’s general ledger and recalculated totals, noting no differences. We obtained the independent auditors’ report for the Foundation as of and for the year ended June 30, 2006.

15. We compared direct state or other governmental support recorded by the Department during the reporting period with corroborative supporting documentation and recalculated totals, noting no differences.

16. There was no direct institutional support recorded by the Department during the reporting period.

17. We compared the indirect institutional support recorded by the Department during the reporting period with corroborative supporting documentation and recalculated totals, noting no differences.

18. There were no agreements related to the Department’s participation in revenues from tournaments during the reporting period. We compared and agreed the related NCAA/Conference distribution revenues to the Department’s general ledger and recalculated totals, noting no differences.

19. We obtained and inspected the agreement related to the Department’s participation in revenues from broadcast, television radio and internet rights to gain an understanding of the relevant terms and conditions. We compared and agreed related revenues to the Department's general ledger, and the Statement and recalculated totals, noting no differences.

20. We obtained and inspected agreements related to the Department’s participation in revenues from royalties, advertisements and sponsorships during the reporting period to gain an understanding of the relevant terms and conditions. We compared and agreed related revenues to the Department’s general ledger and the Statement and recalculated totals, noting no differences.

21. There was no sports-camp revenue recorded by the Department during the reporting period.

22. We obtained and inspected endowment agreements to gain an understanding of the relevant terms and conditions. We compared and agreed the classification and use of endowment and investment income reported in the Statement during the reporting period to the uses of income defined within the related endowment agreements and recalculated totals, noting no differences.

23. We compared and agreed each operating revenue category reported in the Statement during the reporting period to supporting schedules provided by the Department, noting no differences.
24. We compared and agreed ten operating revenue receipts obtained from the above operating revenue supporting schedules to adequate supporting documentation, noting no differences.

25. We compared each major revenue account to prior period amounts and budget estimates. We obtained and documented an understanding of any significant variations.

Agreed-Upon Procedures for Expenses

26. We judgmentally selected five students from the listing of the Department student aid recipients during the reporting period. We obtained an individual student-account detail for each selection and compared total aid allocated from the related aid award letter to the student’s account and recalculated totals, noting no differences.

27. We obtained and inspected contractual agreements pertaining to expenses recorded by the Department from guaranteed contests during the reporting period. We compared and agreed related amounts expensed by the Department to the general ledger and the Statement and recalculated totals, noting no differences.

28. We obtained and inspected a listing of coaches employed by the Department and related entities during the reporting period. We selected three coaches’ contracts including football, and men’s and women’s basketball from the above listing. We compared and agreed the financial terms and condition of each selection to the related coaching salaries, benefits, and bonuses recorded by the Department and related entities in the statement during the reporting period. The Department does not send 1099’s to most employees and the three coaches selected did not receive 1099’s during fiscal year 2006. We could only obtain W-2’s for the calendar year 2005 and could not agree totals to the related expense recorded by the Department, therefore we agreed coaching salaries, benefits and bonuses paid by the Department to the payroll system and recalculated totals, noting no differences.

29. There were no coaches employed by third parties during the reporting period.

30. We judgmentally selected three support staff/administrative personnel employed by the Department and related entities during the reporting period. The Department does not send 1099’s to most employees and the three support staff/administrative personnel selected did not receive 1099’s during fiscal year 2006. We could only obtain W-2’s for the calendar year 2005 and could not agree totals to the related expense recorded by the Department, therefore we agreed salaries, benefits and bonuses paid by the Department to the payroll system and recalculated totals, noting no differences.

31. There were no support staff/administrative personnel employed by third parties during the reporting period.

32. We selected two employees receiving severance payments from the Department during the reporting period and agreed each severance payment to the related termination letter or employment record and recalculated totals, noting no differences.

33. We obtained and documented an understanding of the Department’s recruiting expense policies. We compared and agreed to existing institutional and NCAA – related policies.

34. We obtained and documented an understanding of the Department's team travel policies. We compared and agreed to existing institutional and NCAA – related policies.

35. We obtained and documented an understanding of the Department’s methodology for allocating indirect facilities support. We summed the indirect facilities-support and indirect institutional-support totals reported by the Department in the Statement. The revenue category of indirect facilities and administrative support is not related to the expense category; therefore we did not compare the two.
36. We compared and agreed ten operating expenses obtained from the above operating expense during reporting period to supporting schedules provided by the Department, noting no differences.

37. We compared and agreed each operating expenses category reported in the Statement during the above operating expense supporting schedules to adequate supporting documentation, noting no differences.

38. We compared each major expense account to prior period amounts and budgets estimates. We obtained and documented an understanding of any significant variations.

NOTE A - BASIS OF PRESENTATION

The accompanying Statements of Revenues, Expenditures and Other Changes (the “Statement”) have been prepared on the accrual basis of accounting and is presented in a manner which intends to report all activity of the Oklahoma State University (the “University”) intercollegiate athletics program, including activity reported by the Oklahoma State University Foundation (the “Foundation”) related to intercollegiate athletics. The activity of OSU Cowboy Golf, Inc. has only been included in the Statement as described in Note C. Unrestricted revenues are recorded when earned and expenditures are recorded when incurred. Restricted revenues are reported when expended rather than when received. The revenues and expenditures have been classified on a basis consistent with the account structure of the University.

The Foundation accounts for contributions received and made in accordance with the provisions of Statement of Financial Accounting Standards (“SFAS”) No. 116, Accounting for Contributions Received and Contributions Made. Gift revenue for fiscal years 2006 and 2005 includes $12,311,600 and $13,907,958, respectively, of unconditional promises to give received by the Foundation. This was not included in the Statement in accordance with NCAA guidelines.

The Foundation accounts for investments held in accordance with the provisions of SFAS No. 124, Accounting for Certain Investments Held by Not-For-Profit Organizations. Investment income revenue for fiscal years 2006 and 2005 includes $65,447 and $(50,168), respectively, in net realized and unrealized gains (losses) on investments.

NOTE B - OUTSIDE BOOSTER ORGANIZATIONS

Several booster organizations, known as Posse Clubs, have been established on behalf of the University’s intercollegiate athletics program. These organizations are under the financial control of the Foundation in that they are subject to the Foundation’s internal accounting control policies and procedures. Activity of the Posse Clubs is included in the accompanying Statement to the extent it is included in the accounts of the Foundation.

NOTE C – CONTRIBUTION

Contributions include a gift of $165,000,000 made directly to OSU Cowboy Golf, Inc. instead of following normal processing through the Foundation due to timing constraints of the gift receipt.
